TRIO OF CONVICTS PAY DEATH PENALTY

Hanged In the County Jail at Jefferson City, Mo.

THE STORY OF THE CRIME.

In Desperate Attempt to Escape from Penitentiary In November, 1904, They Killed Prison Guard John Clay.

Jefferson City, Mo., June 28—Harry Vaughan and Edward Raymond, convicts sentenced to the penitentiary from St. Louis, and George Ryan, a convict sentenced to the penitentiary from Kansas City, were hanged in the county jail here Thursday morning for the killing of Prison Guard John Clay during a concerted attempt to escape fom the penitentiary.

The three were hanged at the same moment. Sheriff Scott sprung the trap and five minutes later all three were pronounced dead. No statement was made from the scaffold.

The execution of Convicts Harry Vaughan, George Ryan and Edward Raymond is the final result of a desperate attempt they made on the afternoon of November 24, 1904, to escape from the penitentiary. The four convicts were each secretly armed with a revolver, and they had secured some dynamite.

When a favorable opportunity presented the four walked into the office of Deputy Warden See. Vaughan with drawn revolvers, commanded See to throw up his hands. The deputy warden hesitated and Blake fired a shot that injured Vaughn's hand and seriously wounded See. Deputy Warden See and two farmers who were visiting in his office were marched quickly to the prison entrance. At that moment Guard Clay swung the inside gate open to admit the team. He was shot down and four convicts rushed into the enclosure to the outside gate. This they quickly blew open with dynamite and ran through the opening.

A running fusillade then ensued between the escaping convicts and prison guards, and Convict Blake and Guard Allison were killed.

After a hard chase through the city Vaughan, Raymond and Ryan were captured.

The four convicts were serving sentences for robbery when the escape was planned.

SEEKING STOLEN ASCOT CUP.

Mission of Scotland Yard Detectives In New York.

New York, June 28.—Three Scotland Yard detectives who have just arrived from London, are the subject of some conjecture in regard to their business here.

The officers naturally decline to talk of their errand, but a rumor in regard to their mission, which has gained some credence, is that they are seeking the stolen Ascot cup here.

This racing trophy, which is made of gold, and said to have an intrinsic value of several thousand dollars, was mysteriously stolen while being displayed at the Ascot race course recently.

Blew Himself to Bits.

Monroe, Mich., June 28.—After his wife had refused to come back to live with him, because of his drinking habits, George Kummer, a quarryman, walked to the barn at the rear of his wife's house, lay down on the floor and blew himself to pieces with a stick of dynamite. He had carried the dynamite in his hand from the quarry where he was employed and evidently had planned the suicide if his wife persisted in refusing to live with him. All that was left of him after the explosion was a leg.

Receives Black Hand Letter.

New York, June 28.—Irving T. Bush, president of the Bush Terminal company, has received a "black hand" letter demanding $5,000 on a threat of death for him and his wife. Mr. Bush, who is a reputed millionaire and a well known amateur sportsman, said he believed the letter was the work of a crank.

RIIS TO WED AGAIN.

But Another Pays Golden Tribute to the Wife of His Youth.

New York, June 28.—According to a published announcement Jacob A. Riis, sociologist and author, whom President Roosevelt has called New York's most useful citizen, is to be married in August to Miss Mary Phillips, his stenographer and secretary.

Mr. Riis' first wife, who was his inspiration and the theme of many paragraphs in his writings, died two years ago. Of her he wrote in "The Making of an American," published in 1903, this tribute:

"I dreamed a beautiful dream in my youth and I awoke and found that true. My silver bride they called her just now (1903). The frost is upon my head, indeed; her winter has touched with its softest breath. Her footfall the lightest, her laugh the merriest in the house. The boys are all in love with their mother; the girls tyrannize and worship her together. The cadet corps elect her as honorary member, for no stouter champion of the flag is in the land.

"Sometimes when she sings with the children I sit and listen, and with her voice there comes to me as an echo of the long past, the words in her letter, that blessed first letter in which she wrote down the text of all my after life: 'We will strive together for all that is noble and good.' So she saw her duty as a true American, and aye, she has kept the pledge."

INSANITY PLEA MADE.

Progress of Judge Loving's Case at Houston, Va.

Houston, Va., June 28.—Interest in the trial of Judge Loving for the murder of young Theodore Estes lagged somewhat Wednesday. The features were the closing of the case of the defense after the examination of three witnesses for the purpose of proving that Judge Loving was insane at the time of the killing of young Estes, and the statement by the attorneys for the prosecution of what they intended to prove if certain witnesses are allowed to testify.

The plea of the defense is that the mind of the judge had, after years of dissipation, which frequently caused him to have delirium tremens from excessive drinking, became so impaired that when he heard the story of his daughter, Miss Elizabeth Loving, that she had been drugged and assaulted, he became deranged and was not responsible for his act in killing Estes. Counsel for the defense hope, through the plea of emotional insanity, to prevent any attempt to impeach the statement of Miss Loving.

Monument to Falkenburg.

Denver, June 28.—After placing a simple monument over the grave of her father, Mrs. Jessie Falkenburg Fallis, of Los Angeles, daughter of the late F. A. Falkenburg, head consul of the Pacific jurisdiction, Woodmen of the World, left Wednesday night for her home without granting permission to the present head of the order to remove the body of her father to the plot of ground on which an elaborate monument to the memory of Falkenburg is to be unveiled next Sunday. Many distinguished visitors will participate in the exercises, among them J. C. Luce, of Omaha, sovereign commander of the Eastern Branch of the Woodmen, who will deliver the eulogy.

Messenger Boy's Honesty Rewarded.

London, June 28.—George Hamfeldt, an American, Wednesday as a reward for honesty presented a messenger boy with $250 for returning to him a bag which he had picked up in which was money and jewelry valued at $15,000. The boy picked up the bag in the principal square of the city and instead of turning it over to the police, he telephoned various hotels until he located Mr. Hamfeldt whose card he found inside.

Municipal Ownership Wins.

Jackson, Miss., June 28.—The election here for municipal ownership of the waterworks carried by a large majority. This terminates a fight that has been in progress more or less actively for three years, and is the third vote on the question.

DEFENSE SAY THEY WILL CLEAR CLIENT

Have Surprises to Spring In Haywood Case.

PROSECUTION NOT DISCOURAGED

Defense Expresses Themselves Positive that They Will Turn the Tables on Prosecution and Acquit Haywood.

Boise, Idaho, June 28—W. F. Davis, the witness for the defense in the case against William D. Haywood, took the chair again Thursday and Senator Borah continued the cross-examination commenced Wednesday afternoon.

Orchard commenced his story of blood-curdling crime with blowing up of the concentrator at Wardner by a mob of 1,000 union men. The mill was, at that time being operated by non-union laborers. Orchard told with the utmost detail the story of the trip to Wardner when the miners captured a train compelling the engineer to run it to Wardner. He said W. F. Davis, as one of the leaders of the mob, and under cross-examination of the severest kind by the defense, stuck to the story, insisting that he saw Davis on the ground and on the train. The defense put Davis, a big handsome miner and an effective witness, on the stand to contradict Orchard and tell the jury that Davis, instead of being at Wardner on that day, was in fact at the town of Gem. In the direct examination Wednesday Davis made an impressive statement. He told of his movements on the day of the explosion at Wardner, said that he did not know Orchard, did not belong to the union and was not at Wardner.

Sticks to His Story.

Under Senator Borah's cross-examination the witness stuck to the story that he was not at Wardner. He admitted that he saw the train go by with some 300 men on board all wearing masks, but said he did not know any of the men; that he took no interest in the fact that the train was going through under such peculiar circumstances. He could not give the names of any union men on the train. He did not ask who the train was loaded with masked men, and he did not know whether the men carried arms, he did not ask where they were going, and when the train returned in the evening he did not inquire where they had been. He heard later, he said, that the concentrator of the Bunker Hill and Sullivan mine had been blown up, but he did not know where he got the information, and did not learn until the following day that anyone had been killed.

Immediately afterwards Davis said he fled to the Hercules mine, where he remained in hiding and then got out of Idaho, changing his name to Jones. He went to Butte which he admitted was a mining camp controlled by the Western Federation of Miners and while he was there, there was no reason to change his name as the published black list was not in force there.

Independence Depot Explosion.

The line of the defense that the explosion at the Independence depot was planned by the mine owners and detectives and by accident resulted in the death of fourteen men will be developed by witnesses. Counsel for the defense claim to have one or two surprises to spring on the prosecution and it is probable that they will call Adams to the stand. They express themselves as positive that they will turn the tables on the prosecution and acquit their client. Counsel for the state, however, are not slow to say that the result of the cross-examination of the witness brought forward by the defense up to the present time gives them much encouragement.

Hanged for Killing Woman.

St. Louis, June 28—John King, a negro, who was convicted of having shot and killed Hallie Douglass, his sweetheart, on November 26, 1906 was hanged in the jail here

TEMPERANCE MEN AT WORK.

Prohibition Bill To Be Introduced In Georgia Legislature.

Atlanta, June 28.—Bill No. 1, of the senate, introduced by Dr. L. G. Hardman, senator from the thirty-third district, in which the question of prohibition in the state of Georgia arises, caused quite a great deal of comment in legislative circles Wednesday, and a great many of the wiseacres vouch that it will pass the senatorial body like a whirlwind, without objection. Others claim it will meet with opposition.

Hardly had the senate become organized for business Wednesday when Dr. Hardman arose and stated he had a bill to introduce.

The opinion of every one is that if the prohibition bill passes the senate it will go through the house of representatives.

Among the prominent temperance leaders of the state present in the senate were Rev. Alex Bealer, Rev. Sam Small and Will D. Upshaw, editor of The Golden Age. They seemed to be very confident that the state would go dry by the overwhelming consent of this present legislature.

This is the first of the reform measures to be brought into notice by the general assembly. It is firmly declared others will follow in rapid succession.

BANKHEAD WILL BE ELECTED.

Believesd the Alabama Senatorial Situation Has Been Cleared Up.

ontgomery, Ala., June 28.—With the statement of Lieutenant Governor Henry B. Gray, the situation with regard to the United States senatorship is regarded as cleared up, and the belief is prevalent that John H. Bankhead will be elected to the post so ably filled by John T. Morgan at the reassembling of the legislature early in July. It is regarded by men best posted that with the administration taking no part against him the endorsement of Bankhead by the voters will be fully vindicated.

Mr. Gray is known to be fully in accord with and in the confidence of Governor Comer and it is not thought for a moment that he would make the statement that he did without the full knowledge of the executive. Mr. Gray takes it that with the vote received by Captain Bankhead in the primary and the feeling that exists in his favor there will be no serious opposition to his ambitions and he will be allowed the full fruit of his victory in the primary even if the endorsement did not specifically embrace the legislature.

Camp Reports Amusing Game.

New York, June 28.—Walter Camp, of Yale, of athletic fame, who has just returned from abroad, saw while in England, a game of baseball between Rhodes scholars at Oxford and a team picked from the association of the ball players of England. The game was the most amusing he ever saw. It began at 2 p. m. and at 7 o'clock three innnings had been played and the score was 52 to 38, in favor of the Rhodes men. The higher the score rose the greater enthusiasm of the spectators. "I left at the end of the third inning," Mr. Camp said. "They may be playing yet."

The "Millionaire Strawberry."

New York, June 28.—Patrick O'Mara, one of the speakers Wednesday night at a dinner of wholesale seed men, who have been holding a convention here, caused a stir by announcing that a new fruit is being raised in New Jersey which will be known as the "millionaire strawberry." Mr. O'Mara said the new fruit will be almost as large as a Burbank potato. He visited the farm in New Jersey, he said, where the new berry is growing, and found that nearly two carloads will be ready for market next season.

Large Car Contracts.

New York, June 28.—The Harriman, Gould and other large railroad systems have placed car contracts within the last few days calling for an expenditure of upwards of $15,000,000 and orders are pending for cars to the value of fully $10,000,000 more. Heavy contracts are also about to be given for locomotives for use on eastern lines.

LIGHTNING BOLTS ARE FATAL TO MANY

Death Dealing Electrical Storm Sweeps New York.

3 PERSONS REPORTED KILLED

After Day of Sweltering Heat, Storm Passes Over New York City and Vicinity and Does Great Damage. Several Fires Occur.

New York, June 28.—A death-dealing electrical storm Wednesday afternoon following a day of sweltering heat, soaked with humidity, swept over the city and surrounding territory, killed three persons, injured several, caused many fires and did considerable damage.

In this city the only places struck were two churches. The steeples of both were torn into fragments by the lightning bolts.

Walter Dixon, a negro, was struck by lightning while stepping from a train at Fishkill; John Lawless, a workingman, was struck and killed in Brooklyn, while the third victim was in Union Hill, N. J., where she had taken refuge under a tree.

"ECONOMIC BARBARISMS."

English Member of Parliament on American Strikes.

New York, June 28.—Robert William Perks, member of parliament, who returns to England on the Celtic Thursday, after a business trip of a month in Canada, said in an interview that the frequent labor strikes in the United States were an "economic barbarism."

Mr. Perks is at the head of the nal company, being an engineer Georgia Canal company. He is an engineer and has been associated with the largest engineering undertakings in England ad South America.

"President Roosevelt," said Mr. Perks, "deserves credit for his great courage in opposing the tyranny of the trusts, but there is also tyranny in the unions, and in dealing with the combinattons he has adopted a middle course. One thing that surprised me here was the numerous strikes. I think they are economic barbarisms. All questions arising between employers and employees can be settled without appeal to arbitration. I have always made it a practice to meet the men employed by us and discuss the problems with them and tell them what we could afford to pay. We never had a strike."

"The St. Lawrence canal will cost about $100,000,000, and if the Dominion government," said Mr. Perks, "would adopt the plans it ought to be finished in four years."

Company Increases Capital.

Atlanta, June 28.—The Rome Industrial Life Insurance company has complied with the state law in accordance with the recent decision of Attorney General John C. Hart by increasing its proposed capital stock from $25,000 to $100,000, and has been granted a charter by the secretary of state. All insurance companies chartered in Georgia except those doing a co-operative or assessment business, are required to have a capital stock of $10,000 invested in safe securities. When this fact was ascertained, the organizers of the company went to work and got up the capital stock. The charter members of the company are J. J. Reese, C. R. Porter, R. W. Graves, G. B. Holder, Sproull Fouche, J. E. Dean and C. C. Harper.

Lords' Power Must Be Broken.

London, June 28.—The three days debate in the house of commons ended when Premier Campbell-Bannerman's resolution in favor of curtailing the power of the house of lords in vetoing bills passed in the house of commons was carried 432 to 147, amid loud ministerial cheers. The amendment introduced by Henderson (laborite) for a total abolition of the house of lords was privately rejected by 315 to 100, the minority being composed of laborites, nationalists and a few radicals.

COMPLIMENTED ORLANDO LODGE

Gainesville Lodge No. 990 Sends Greetings to the Orlando Boys.

The newest thing in Florida at present is the Orlando Lodge of Elks, which was instituted Friday night by the Tampa Lodge, which is a sufficient guarantee that everything went off to the good.

As a greeting Hon. Henry S. Chubb, exalted ruler, and Dr. J. M. Dell, secretary, of Gainesville Lodge No. 990, sent the following telegram:

"M. M. Hunt, District Deputy Grand Exalted Ruler, Orlando, Fla.

"Gainesville Lodge No. 990 congratulates you and the Elks of the State, as well as the city of Orlando, on instituting a lodge of Elks there. Gainesville 990 sends fraternal greetings."

Col. Chubb, whose home is at Winter Park, has a number of friends who waded into the mysteries of the order upon this occasion, and regretted very much that his official duties would not permit him to be present. Being the end of the fiscal year, he is very busily engaged at this time.

A FINE PRIVATE PLANT.

Fruit Growers' Ice Company Is Doing Its Own Lighting.

The Fruit Growers' Ice Company evidently do not believe in paying the exorbitant prices charged by the electric light company for its services, as this company has just installed a fine private plant at their factory on West Depot street, South Gainesville.

This plant was installed by James Entz, engineer of the company, who is good at "most anything." Mr. Entz has a fine mechanical turn of mind, and the plant began working beautifully from the start. It has a capacity of 175 lights of 16 c. p. each, and is giving excellent satisfaction.

Mr. Entz also installed the plant at the factory of the Diamond Ice Company.

Mrs. Schafer Injured.

While driving Thursday, Mrs. C. D. Schafer had the misfortune to fall from the buggy as the wheels went into a depression, sustaining painful, though not serious, injury to the arm.

Mrs. Schafer was holding in her lap at the time of the accident her little grand-daughter, Blanch Dampier. The child also fell, but fortunately was uninjured.

Mrs. Schafer's friends regret very much her misfortune, and trust she will soon be all right again.

NEALEY TAKEN AWAY.

Demented Negro Taken by Officer Walker to State Asylum Friday.

Henry Nealey, the demented negro who has been causing all sorts of trouble about the jail recently, was taken Friday by Deputy Sheriff I. T. Walker to the hospital for the insane at Chattahoochee.

It will be remembered that Nealey, who was an industrious colored laborer, became insane about a week ago, and labored under the hallucination that a Supreme Power had commanded him to behead every man he met with an axe. His condition became worse each day, until finally he became desperate and a menace to the lives of the people in the section where he lived, and he was taken into custody.

Nealey's weakness and hallucination seemed to be directed to men only. He begged the officers, after his arrest, to permit him to go to the hardware store and secure an axe for the fulfillment of his mission.

Nealey is the fourth patient sent from this county for lunacy this month, and it looks as though the air might be contagious.

SQUADS ARE CAMPING OUT.

Gainesville Guards Expect to Take an Efficient Team to Shoot.

The Gainesville Guards, of which Captain J. W. Blanding is in command, are determined to take a winning team of marksmen to the State shoot in St. Augustine, as the company is practicing daily on the range about a mile and a half east of the square.

The company is divided into squads, and these squads are camping on the range, alternating from time to time. A squad usually comprises one commissioned officer, two non-commissioned officers and seven privates. On their camp the men spend the night in the regulation "dog tents," comprising nothing more than a heavy army canvas stretched in a V shape.

The company has been considerably strengthened recently by the addition of Lieutenant Shields Warren, formerly of the Franklin County Guards, who is a crack shot.

MAY GO TO JACKSONVILLE.

Gainesville Guards Have Been Invited to Visit Dixieland Park.

The Gainesville Guards have received an invitation to visit Dixieland Park, Jacksonville, on July 4, when the militia of the Florida metropolis proposes taking charge of the city. A fine program has been arranged, and it is proposed to make the Glorious Fourth in Jacksonville a day to be remembered.

This invitation to the Guards is quite a compliment, as only the best companies of the State are to participate in this celebration.

Captain Blanding of the Guards states that he may take his company to Jacksonville on the Fourth.

A Quiet Home Wedding.

There was a quiet home wedding solemnized in this city at 8 o'clock Thursday evening, the contracting parties being Dr. U. H. Hannah of Spruce, W. Va., and Miss Laura S. Bock of this city. The ceremony was performed at the home of Miss Bock, 106 South Pleasant street, by Rev. Thos. P. Hay of the First Presbyterian church.

The groom stands at the head of his profession in West Virginia, being one of the physicians in charge of the Pocahontas Hospital in Cass, one of the most important institutions of the kind in that State.

The bride, while only residing here a short time, has made many friends, all of whom regret very much to see her leave, but extend congratulations.

Mr. and Mrs. Hannah left via the Seaboard Friday for Spruce, W. Va., where they will make their future home.

Accident to Larkin Carter.

Larkin Carter, while engaged in a ball game at Starke on Wednesday afternoon, had the misfortune to severely sprain one of his fingers, which will incapacitate that member for a few days. The finger is receiving proper medical attention, however, and no serious results are anticipated.

BIG STORM AT PALMER.

That Section Visited by Heavy Rains and Wind Friday Afternoon

Information reached this city Friday afternoon to the effect that a heavy wind and rainstorm visited the Palmer section. The wind was of great velocity, but there was no material damage. The rain fell in torrents, and was a welcome visitor, as the farmers of that section, as everywhere else, have suffered a great deal for want of rain.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. HILL BUILDING TO BE FINE STRUCTURE

When Completed Will Be Credit to Owner, City and State.

WILL COST ABOUT $20,000

Contract Let to Gainesville Firm—Material to be of Pressed Brick, With French Plate Glass Front—To be Completed by January 1, 1908.

One of the most important contracts let in this city on business blocks for several years was let a day or two ago to the Eddins Manufacturing Company, who will construct for L. L. Hill at the corner of East Main and East Liberty streets a handsome building, and a building which will be a credit not only to the owner and the city, but the State of Florida.

For some time Mr. Hill, owner of the property, has been contemplating the erection of this building, but not until recently has his mind been fully made up on the matter. He finally decided to act, however, and the result is that the contract has been let, and the work of tearing away the old wooden shacks has begun.

This building, when completed, will be one of the most modern in the State in every way. It will occupy a frontage of sixty feet on East Main and one hundred feet on East Liberty street, and will be two stories. The material to be employed is specified as hydraulic pressed brick, which will make not only a handsome, but a durable structure.

This building will be constructed with a view to both appearance and light. The entire hundred feet on the Liberty-street side, both floors, will be French plate glass, while the East Main-street side, which will be the main entrance, will be of French plate glass on the lower floor. It will make a modern structure, and it is understood that the building will be occupied by a department store.

The price was not given, but it is said that the contract provides for the expenditure of $20,000 for the building complete, and the owner will have possession January 1, 1908.

THE COLORED CONFERENCE.

Bethel A. M. E. Church Will Entertain Preachers Here in January.

The Bethel A. M. E. Church is making big preparations to entertain the ministers of the A. M. E. Church, who will hold their annual conference here some time early in January of the coming year.

In the meantime the members of Bethel church have a desire to paint their church, install new seats, etc., and have subscription lists now out asking the support of the people. These lists are being generally signed with liberal donations, the signers being among the most prominent people of the city.

There will be in attendance at this conference from 300 to 400 preachers, representing every section of the State, and a big time is expected among the colored people on that occasion.

The matter of entertaining being left to Bethel church, which is one of the leading churches in the city, the members of the church desire before the event to place the building in first-class condition, and it is for this purpose the money is being raised.

Mr. and Mrs. C. F. Eddy and two daughters, Miss Minniella and Bessie Eddy, drove over to Gainesville Monday.

F. Tillman is putting up a neat little cottage for his family.

The Hulme brothers of Hawthorn and a party of friends took in the sights of our little village Sunday, and after watering their horses at the well, returned home by moonlight.

Information has been received by friends to the effect that Captain J. N. Strobhar, who spent several days here during the session of the spring term of the circuit court, during which time he was quite ill, has suffered a relapse since returning to Alabama, and that his condition is quite serious.

Captain Strobhar has many friends here who will regret very much to learn of his illness, but trust that he will soon recover.

Portuguese Queen Makes Appeal.

London, June 28.—A dispatch to the Express from Lisbon says that the Portuguese queen has appealed to two foreign courts which are not named, to intercede with King Carlos to abolish the repressive measures now being enforced by Premier Franco. The empress says the British minister and Premier Franco had a lengthy conference Wednesday. Nearly 250 political prisoners have been confined in the fortresses. The editor of a Republican newspaper that was suppressed has declared his intention to print his journal in Spain and smuggle it into Portugal.

Plans Extensive Tour.

Berlin, June 28.—It is stated that Count von Posadowsky Wehner, who recently resigned the porfolio of minister of the interior, has planned an extensive tour embracing various countries in order to study the developments in social legislation and that he will not accept another portfolio. His trip will include visits to the United States, France and England.

Mail Carriers on Strike.

Butte, Mont., June 28.—All of the mail carriers of this city went out on strike Wednesday night, the men declaring they could not live in Butte on the present scale of wages paid by the government, despite the increase which becomes effective July 1st. The men have been receiving $600 for the first year and $850 for succeeding years.

"He Who Keepeth His Tongue."

An old fashioned minister was visiting his son in New York recently and was taken to a fashionable church for the Sunday morning service. The pastor is a young man of great culture, but evidently his oratorical efforts did not greatly impress the visitor, for when they were walking homeward the son remarked approvingly:

"That was a good sermon, an excellent sermon. The congregation like Dr. Blank very much."

"Yes, a good sermon undoubtedly," his father replied. "It could not possibly have touched a sore spot anywhere."—New York Herald.

White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

Nonsense Literature.

I believe it was De Quincey who said, "None but a man of extraordinary talent can write first rate nonsense." He was right. And he might have added that none but a man of extraordinary taste can fully appreciate first rate nonsense.—Japan Times.

Two Failures.

Homely Man—I married for beauty. Sarcastic Man—You remind me of a friend of mine who married for money. Homely Man—How's that? Sarcastic Man—He didn't get it.—Chicago News.

"What's the matter? Isn't it satisfactory?"—New Orleans Times-Democrat.

GEORGIA LEGISLATURE.

General Assembly Thoroughly Organized and Ready for Work.

Atlanta, June 28.—There were no bills introduced in the house Wednesday and the one resolution which was on the table came from the senate calling for a joint session of both the house and senate to canvass the vote at the last election for "governor and state house officials." Mr. Hall of Bibb, declared that only the secretary of state, comptroller general and treasurer come under this head, and had the resolution tabled.

There will be no committee meetings for a week or so yet, as Speaker Slaton is still at work on the committees which he hopes to name in about a week or ten days.

There was a general reception before the house was called to order,

Retiring Gov. Joseph M. Terrell.

and when the gavel fell nearly every member knew every on else.

Clerk Boifeuillet, who was certain of re-election, had brought together his former assistants, composed of D. F. McClatchey, of Cobb county, the reading clerk; O. L. Gresham, of Burke, journal clerk; W. T. Kelly, of Jasper county, messenger clerk, and E. B. Moore, of Fulton, as calendar clerk.

With the taking up of speakership reins, Mr. Slaton began his twelfth year in the house and his second term as speaker. This latter is remarkable by reason that he has been unopposed each time. By his fair dealing and courtesy he has won the hearts of the house, both before and after it was organized and no one had the temerity to oppose him.

Clerk Boifeuillet enters upon his tenth year as clerk and he, too, has been particularly free from opposition.

The house on its first day showed a tendency to attend strictly to business and it is now thoroughly organized and ready for work.

In the Senate.

The first feature of Wednesday's session of the senate, aside from the election of Senator Akin as president, was the introduction of a bill by Senator L. G. Hardan, of the thirty-third district, to prohibit the sale of whisky in this state, and next a bill by Senator E. Winn Born, of the thirty-fourth, to prohibit railways, telegraph, telephone, electric light and street railway companies from giving passes.

The election of the president of the senate was not such a lively one as previously expected, as Candidate Felder withdrew early in the morning and later in the day Candidate Hardman quit the race in favor of Senator Akin, of the forty-second district, and Senator Flynt, of the twenty-sixth district. Senator Akin was elected on the first ballot, receiving 32 votes and his opponent 10.

Hon. Charles S. Northen was re-elected secretary of the senate by a unanimous vote of those present.

Senator E. T. Steed, of the thirty-seventh district, was elected president pro tem. without opposition.

Rev. J. W. T. Wakins was made chaplain by general consent of the body.

Promptly at 10 o'clock Secretary Northen opened the senate.

The members were sworn in by Justice Lumpkin, according to districts.

Negro Sought by Posse.

Charlotte, N. C., June 28.—The Black creek section, near Wilson, N. C., is very much stirred over an attempted criminal assault made by an unknown negro dressed in overalls. His alleged victim was Mrs. Scott, a highly respectable lady of that community. Parties are hunting in the surrounding country, but at an early hour Thursday he had not been apprehended. If he is caught speedy work will probably follow, as feeling is running high. The timely arrival of a party who heard the cries of Mrs. Scott was all that saved her from the negro, who had her by the throat. It is thought the negro is one of the hands working on the new railroad in that section.

Sheriff Shipp Case.

Chattanooga, Tenn., June 28.—In the Sheriff Shipp case, wherein the officer is charged with contempt of the United States supreme court, four witnesses testified Thursday morning in behalf of the accused. The witnesses were Policeman Will Burk, Deputy Sheriffs Baker and Galloway, and M. J. Horan, a lieutenant in a local cavalry troop of the National guard. Horan testified that on the night of the lynching of Ed Johnson, a federal prisoner, Sheriff Shipp said: "I did everything I could to protect the prisoner. I did not know that there was any danger of a mob, but they have ruined me." He was then almost in a state of collapse.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

Places Murder on His Brother.

Columbus, Ga., June 28.—Sanford Early, the negro arrested at LaGrange and brought to Muscogee county jail charged with being the murderer of Hal Brewster, says that his brother, Frank Early, is Mr. Hal Brewster's slayer. He says that he was present, but had nothing to do with the killing.

Call for State Convention.

Oklahoma City, O. T., June 28.—J. L. Harmon, chairman of the Republican state committee, has issued a call for a state convention to be held in Tulsa, July 12, for the nomination of a state ticket.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs

Carrie Nation is now living in Washington City. She was arrested there the other day for disorderly conduct, and was fined $25.

President Roosevelt has so far endorsed the labor unions' program for a shorter workday by advocating an eight-hour day for wives and mothers.

The rains of the past few days came as a blessing to the farmer, notwithstanding that they were late. The drought which has just been broken was one of the longest known in Florida for years, and seemed to be general.

Mr. Bryan is reported to have said at Richmond that he would be a candidate for the Democratic nomination for President, "if the party demanded it and if he considered it for the good of the party." A very sensible conclusion.

Mr. Henry M. Whitney of Boston is making a great hit in his speaking campaign in Massachusetts for tariff reform, which is added to by the distinction heaped upon him from the White House of being the original member of the Ananias Club.

Love for our heroic, warlike, peace-making President is so great in Russia that one writer predicts that the name of that country will be changed "from plain Belle Russe to La Plus Belle Russevelt." The Russian bear under that name would certainly be a greater belle than the Teddy bear.

Between January 1 and June 15, when the season closed, the records show that fish to the amount of eighty-six carloads in bulk and 4,804 barrels were shipped from Punta Gorda. For the preceding fall season, August 15 to November 15, 211 carloads and 7,386 barrels were shipped. This aggregates 6,541,200 pounds, which is up to the average. This is one of Florida's great fish centers, and the prince of piscatorial narrative resides there.—Times-Union.

The trial of Edwin S. Holmes, formerly associate statistician of the Department of Agriculture, is proceeding. According to the evidence now being given in court, it would seem that Mr. Holmes ought to be sent to the insane asylum instead of the penitentiary for not making more than he did out of his information. He was practically in sole charge of the cotton crop report for a long time and manipulated it to suit the needs of his clients who were playing the market. He had a sure thing and if he wanted to be crooked at all, it would seem that he might have made millions just as easily as he made thousands. The testimony shows that he was selling information to three or four New York cotton brokers and taking a rake-off on their winnings. He seems to have been a modest man and was satisfied with a small share of the profits. He made from $40,000 to $60,000 at a stroke but this seems mere chicken feed to what he might have made with the information at his command. It looks from the present testimony as though Mr. Holmes had profited from his dishonesty in very homeopathic doses.

RICH AND PROSPEROUS INDIANS.

"The 5,000 Indians who occupy the White Earth Reservation in Minnesota are going to celebrate the thirty-ninth anniversary of their first settlement next month," said Chauncey E. Richardson of White Earth, Minn., former secretary to Senator Clapp and now legal representative of the tribe.

"These Indians have a good deal to celebrate, for they are further advanced in their civilization than any other tribe in the United States. They have more money than any other tribe, except the Osages of Indian Territory, who came into a lot of it when a claim was paid to them by Uncle Sam last year. They are progressive and are not dying out, as some people claim many tribes are. I am inclined to think that this dying-out business is a fiction, for the Indians of the tribe I live with are prolific. They marry early and have many children. Most of them are engaged in professional work or farming. Some of the best business men I ever met in a small community are to be found among them.

"When they have their anniversary they will have a great powwow. All the old chiefs will be there, not in war paint and feathers, but in good, ready-made suits and with a hand-shake and genial grunt for all the red skinned brethren."—Washington Post.

The old Union soldiers and the negroes seem to be making common cause against Secretary Taft on the ground that he is the "heir apparent" of President Roosevelt. Former Lieutenant-Governor Lyons of Ohio, a member of the Grand Army of the Republic, and Joshua Jones, colored, president of Wilberforce University, made speeches at Xenia, Ohio, recently, in which they voiced the sentiment of the classes to which they belong. Govenor Lyons said: "This country has never indulged in the heir-apparent theory, and is now too far advanced in republicanism and democracy to have any use for such a doctrine. I am in favor of Foraker because I want no man at Washington to represent me who has not a mind of his own, and I admire him the more if his judgment comes in conflict with the man with the big stick and he stands by his opinion." President Jones, in a passionate speech, added: "I am a Christian and a minister of the Gospel, but I want to say here that I damn those damned eliminators (Roosevelt and Taft) and all they stand for." And yet they say that there is harmony in the Republican camp. Why, the old cesspool is spouting hot mud like a geyser. Perhaps it would be more accurate to say, like two geysers.

Widely diversified and contrasting are the ways in which many people see Florida. Some come with the hammer, knock everything and everybody in sight, following this with a string of misrepresentations and falsehoods in any newspaper they can induce to accept their stuff. Others come with a clean, conscientious heart, revel in the glorious beauties of Florida and their description is more like the truth, and a justice to the State. J. Yates Peek, in a recent number of The Standard Union of Brooklyn, N. Y., is one of Florida's latest friends. In his article, which occupies a half column or more, he has given a compact but very complimentary story of the State, covering many important points. This is quite a contrast to the article of Geo. P. Rowell of Printers' Ink, a little paper published just across the river from Brooklyn. These views were expressed by two people of virtually the same city, which goes to show the diversity of opinion of the people.

Beware of Ointments for Catarrh that Contains Mercury

It has been authoritatively announced that Mr. Aoki, the Japanese Ambassador, has been recalled. This will be a matter of proper regret to quite a large number of friends that the Ambassador made during his short stay in Washington. His record in office there has not been particularly brilliant on the face of it. He has not solved any very trying problems, neither has he made any palpable mistakes. It would appear simply that he is the victim of home politics. Native politics are warm in Japan. The government is keeping in power chiefly in virtue of not taking the people into its conference. It is known among officials here that Ambassador Aoki made several reports to his home government on the several subjects of friction between the United States and Japan and that they were truthful reports also. But they were not given out to the Japanese public without being thoroughly recast simply because the government could not afford to promulgate anything that sounded like a pro-American document. Ambassador Aoki's enemies took advantage of the situation to accomplish his recall. Possibly Baron Kaneo who is to succeed him will manage to keep the Japanese government supplied with polite fiction about the United States or if he does not tell the truth will clothe it in gentler language. The last thing that Japan wants in this country now is "shirt-sleeve diplomacy."

HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

SHOT HIMSELF IN HEAD.

Dan Harrison, Prominent Citizen of Montezuma, Suicides.

Montezuma, Ga., June 27.—Dan S. Harrison committed suicide in this city Monday night by shooting himself through the head with a 38-caliber Smith & Wesson pistol.

There is no cause known for the act, although Mr. Harrison had been heard to say several times that he was going to kill himself. Monday night he tried to get several friends here to buy him some morphine, declaring he only wanted to take it for toothache.

Failing in this he secured his pistol and went under a warehouse and was found Tuesday afternoon sitting on the tongue of a wagon, with his head lying on the ground between his knees and an ugly hole in his right temple told the tale.

Mr. Harrison was one of the most prominent and popular men in Montezuma. He was a Mason and Knight of Pythias in high standing, a member of the Methodist church and from one of the best families in this section of the state.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason *why* it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements, caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

A FINE OPPORTUNITY.

An Eight-Room Modern Residence To Be Sold at Auction.

During one of the auction sales of lots at College Park next week we will sell for the College Park Company, to the highest bidder, a new eight-room, modern residence which is being erected on the College Park property. The house is nearly completed and will be supplied with city water, electric lights and all modern conveniences.

Terms of sale will be ten per cent. of the purchase price at the time of sale, and ten per cent. per month until paid, with eight per cent. interest on deferred payments.

We consider this a fine opportunity for someone to secure a modern, comfortable home on very easy terms. We wish everyone to attend our opening sale Tuesday morning, July 2nd, to see for themselves that the sales we conduct are DIFFERENT. There will be lots of fun and music—in fact an ENTERTAINMENT as well as an auction.
